Wind Turbine Worksheet

1. In the table below, record your data from your wind turbine generator.

Distance from Wind Source	Voltage

2. In the space below, draw a picture of your wind generator. Label the movement of energy in your generator, starting with the wind and ending at the voltmeter.

3. What happened as you moved your wind turbine away from the wind source? Why do you think this happened?

4. How do engineers decide where to put a wind generator?
