

Name:

Date:

Class:

# Presentation Guidelines

## What to Say

- Introduce your group and each member's role
- Explain your design and why you chose it
- Mention the cost of your device (Were you able to finish under budget?)
- Talk about how your device performed on the final test day
- Do you think the cheerleaders would want to use your device? Why?
- If you had more time and material, how would you improve your design?

## Additional Requirements

- All members of the group must contribute to the presentation

## Helpful Hints

- Present to the whole class (don't just talk directly towards your teacher)
- Talk loud enough for everyone to hear
