Final Design Selection

Describe your team's design.

Why did you select this design instead of some of the other design ideas?

Does the design meet these requirements? Write YES or NO: _____

Requirements
Your team brainstormed at least four different ideas.
The design helps protect sea turtle's eggs in the case of a hurricane, tropical storm, or other major weather event.
The design does not prevent baby sea turtles from crawling to the sea when they've hatched.
